Terms for Student Use of MathWorks Software

This Student License is for use by students on student-owned hardware to meet course requirements and perform academic research at degree-granting institutions only. It is not available for government, commercial, or other organizational use.

If you are using the software at a company or government lab, as an instructor at a university, for research, or for commercial or industrial purposes, please choose another license option.

All users of MATLAB Student and MATLAB and Simulink Student Suite are required to activate their software using their MathWorks Account.

By clicking on the "Continue" button below, you confirm that you are eligible for Student use pricing.
