Eduroam WLAN with iPhone

To use the protected HTW Chur WLAN with an iPhone, the following settings on the device are required.

1. In the WLAN settings (Settings -> WLAN) click on the network "eduroam".

2. Enter your HTW Chur username followed by "@htwchur.ch" and your password.
3. Click on "Connect".

4. Accept the following certificate question.

5. If it's necessary turn your iPhone WLAN off and on again.
